OK I'll check with Cheryl and see if we can do this.

It is through our oil and gas program funding

Hi Deb,
What is the source of the funding?

On Wed, Jul 26, 2017 at 9:14 AM, Hill, Debra <debra_hill@fws.gov> wrote:

Hi Susan-
NMDGF has a Section 6 Grant to work with the University of Miami on Texas hornshell. One of our biggest issues is not knowing the status of the species in Mexico. In August one of their grad students has the opportunity to go to Mexico to survey for hornshell, but does not have the funding available in their current project. I do have the funding, though we don't have a cooperative agreement directly with them, and no way of getting one done before the end of August. Is there any possible way we can add funding to their Section six grant from our office?

Thanks for thinking about this,
Deb
